### **WILLIE NELSON VISITS BIG COUNTRY!**

Last Friday night at the Abilene Civic Center, Willie Nelson and Friends played their timeless music to a “sold-out” crowd. Rick and Jan Sikes were guests of Willie and had the great privilege of enjoying dinner with him and the Band and visiting with Willie after the show. Rick is a musician and songwriter and played with Willie many years ago and they have remained friends. Rick and Jan own RiJan Music store and Rick gives guitar lessons, sells music instruments and accessories. He and Jim Glaspy have a Recording Studio (RiJan Recording and Publishing) and will soon have two recording projects completed for individuals who will hopefully market their CD’s locally. Rick is always willing to share a story or two with anyone who visits the store.
